The power of personalized continuing education

Organizational benefits:

- Decrease turnover costs
- Jumpstart recruitment for nursing and other key organizational positions
- Enjoy more engaged, more effective employees
- Retain and develop employees for leadership roles
- Improve organizational KPIs (patient health, length of stay, quality of care, etc.)

By the numbers:

- 94% of employees said they would stay longer at a company that invests in their careers¹
- 91% of employees want personalized, relevant training¹
- 58% increase in employee retention when companies invested in employee development²
- It costs a company six to nine months of an employee's salary to replace them.³

Master of Healthcare Administration	\$235	\$584
Master of Business Administration	\$235	\$614

Our baseline tuition is among the lowest in the country, saving you money on continuing education costs.

How we keep costs low

For organizations:

- We evaluate your employees' previous education and/or academic credits to maximize the credits we can offer for prior learning, further reducing tuition costs.
- We can curate course packages to fill skill gaps and directly meet the needs of your staff.

For students:

- As a fully online institution, we have no facility or physical infrastructure costs.
- We do not participate in Title IV funding.
- As a Certified B Corporation, we place an emphasis on responsible and sustainable financial practices.
- ACE hasn't raised tuition since 2016.

Partnership benefits

Improve employee retention by providing an avenue toward affordable and personalized continuing education.

Most partnerships include standard tuition discount* for staff and their immediate family members.

We provide **increased tuition discounts** for partnerships that utilize direct bill, provide secured students cohorts or enroll a large volume of students.
