

# ELEVATE

*Build a Certified, Competent Workforce*

Elevate programs help healthcare employers recruit, train, certify, and retain allied health talent through on-demand competency-based work-and-learn programs. Employees learn while they work, demonstrate competency, and earn industry-recognized credentials.

## Strengthen Your Allied Health Ecosystem

### What Makes Elevate Different?

Competency-based learning focused on **workplace performance**, not seat time.

Nationally developed programs built by employers and **subject matter experts**.

Industry-recognized **certifications plus skills validation** ensure workforce readiness.

Flexible, on-demand learning **designed for working adults**.

Provides a **clear pathway to advancement**.

Proven model operating across **21+ states**.

**Stop hoping to find qualified staff.  
Build them in-house, affordably.  
Contact us to learn more.**
